

Locating Artillery Association Standard

Missing!

Some years ago, prior to the change of name of the Association, a Standard was presented to the then Locating Artillery Association Inc. by the Reserve Forces Day Council.

The Standard was paraded with the Australian Flag on Reserve Forces Day and other ceremonial occasions and was hung at Committee meetings and the like.

The storage bag which held both the Standard and the Australian Flag has been located but the Standard is missing from the bag.

It looks like this:

Its relative size can be gauged from this photo, taken at the presentation.

If anyone has information as to its whereabouts, please contact President Joe Kaplun urgently on:

0407 741 473.
